LITTLE CHILD'S BODY IS HORRIBLY SCALDED TODAY

Lawrence and Scioto Reverse the Vote of Three Years Ago

TWO COUNTIES VOTE RETURN OF SALOON

Scioto Rolls Up Majority of 1274 Wet-Dry Three Years Ago By 231 — Lawrence Wet by 425 Majority — Blair's Precinct Wet By Eight Votes—Business Men Take Hand—Will Enforce Laws.

Scioto and Lawrence counties, the first in the state to vote on the local option question under the new law the second time, went wet yesterday by decisive majorities, reversing substantial dry majorities of three years ago.

Scioto county, which in the previous election voted dry by 231, rolled up a wet majority of 1274 yesterday. Portsmouth was carried by the wets by 1425, compared with 141 three years ago.

Lawrence county which three years ago voted dry by more than 1500, went wet by about 425 yesterday, and Ironton reversed a dry majority of 67 and went 825 wet. The county, therefore, outside of Ironton is substantially dry in sentiment.

In both county seats last night there were jubiliations by the victorious wets, coming out of the lean years into those of prospective plenty.

Wayne B. Wheeler, superintendent of the Anti-Saloon League, professed not to be discouraged last over the results. He intimated overconfidence and lack of organization were responsible for both dry defeats, and that the outcome would spur the drys to more systematic efforts in the counties yet to vote.

The news in Coshocton, where the campaign had been closely watched, was received with great rejoicing, although at first considered almost incredible.

Manufacturers and business men while saying it was too early to form any adequate opinion, declared that the result showed that the Rose law had been found a miserable failure everywhere it had been tried, and that the two counties were voting now just as strongly for temperance as ever before, but were going after it in a practical way.

Several enthusiasts declared that a vote would now soon be held in Coshocton county but cooler heads talked differently. Coshocton's three years is up Nov. 22, and no petition can be signed or sent out prior to that date.

Local dry leaders when talked too, declined to express any opinions on the result. All however expressed keenest disappointment and surprise.

SCIOTO COUNTY IS VERY WET

Piles Up a Liquid Majority of 1274, Against 231 Dry Before.

PORTSMOUTH, Oct. 27.—Scioto county, which three years ago went dry by 231, became wet a gain by the overwhelming majority of 1274. The city of Portsmouth was carried by the wets by 1425, as against 141 in 1908.

BARRIERS WERE MUCH TOO HIGH

Only Way Theatrical Company Cleared Them Was By Settling.

There came nearly being no last act to the presentation of "Barriers Burned Away" at the Sixth Street theatre last night. The orchestra played eight selections in the wait between acts, and the delay was caused not by any heavy scenery shifting but by a discussion in the box office. It appears that the company was booked to play East Liverpool a week ago and suddenly broke the contract and did not play. The East Liverpool and the Coshocton house are both on the Moore circuit and Manager Norrington was instructed to collect the usual penalty for the breaking of the Liverpool contract. He held it out of the company, and a wordy war ensued. The company manager threatened to stop the play and the house had an attachment issued and the constable on hand when the two finally got together and the play was finished. The play was evidently appreciated, judging by the applause. The company and vehicle were decidedly mediocre.

The dries won in only six of the 23 precincts. Eighteen out of the 25 county precincts gave a dry majority of 151 against 372 in 1908.

The home precincts of Judge A. Z. Blair and Geo. D. Shelby, vice president of the Anti-Saloon league, both regarded as dry strongholds, went wet by decisive majorities. The wets cast 1109 more votes in the city than in 1908 and the dry 185 less.

The Business Men's league, which successfully backed the wet campaign, openly promises to keep its organization intact to regulate the liquor traffic.

The campaign has been spectacular, with Judge Blair and Rev. Billy Sunday taking an active part in all parts of the county.

Minor clashes were reported from some of the polling places, but no serious disorder marked the election. Tonight the wets celebrated their victory with a street parade.

LAWRENCE IS HEAVILY WET

Dry Majority of 1500 Turned Into Wet One of 425.

Ironton, Oct. 27.—The Business Men's Assn. won its fight against local option by a majority of about 425 in the county. Ironton gave the wets a majority of 825. A great jubilation was held on the streets last night, but no ill feeling developed.

Lawrence county voted dry three years ago by over 1500 and Ironton dry by 67.

In the present election 28 precincts out of 31 give the wets a majority of 464, and the remaining three precincts cannot change the result materially. There were few disorders, and these were of a very minor nature.

WHEELER NOT DISCOURAGED

Anti-Saloon League Leader Blames Overconfidence for Defeat.

Columbus, Oct. 27.—The loss of three counties will serve a good purpose in waking up other counties to the danger of being overconfident," said Wayne B. Wheeler, state superintendent of the Anti-Saloon league, last evening.

"We do not believe that many of the present dry counties will vote wet. We feel that those that are organized and got out the vote will remain in the dry column."

PARTIES ARE ALL TORN UP

Butler, Oct. 27.—The municipal campaign has resolved into a wet and dry battle, C. L. Swank, Democrat, has withdrawn from the mayoralty race, leaving F. M. Wilson, Republican, who has been endorsed by the Good Citizens' League, and Dr. E. G. Rummel, independent candidate, who is allied with the wet element, Geo. V. Shaffner, Republican candidate for marshal, is asking a second term, but as the dry element thinks he has not fully done his duty in arresting drunks, it has turned him down and endorsed George J. Wise, Democrat.

PORTSMOUTH IS READY TO WORK Business Men Will Make Organization Permanent.

Portsmouth, O., Oct. 27.—The Business Men's Assn. today issued a statement that they will do exactly as promised and make their organization permanent. They will insist that no one who has ever been convicted of illegal business in the saloon trade will be granted permission to start a saloon here, which they can do under the new Deane law. They will keep the business clean. The fight for the wet cause was made by the Business Men's Assn. composed of retail storekeepers, many of whom voted and worked dry three years ago. Not a saloonist is included in the membership. Last night's jubilation continues over today. Judge Blair, Vice Pres. Selby of the anti-saloon league, W. S. Miller and others decline to discuss the result except that they are greatly surprised at the vote in the country precincts.

PANIC ON CHANGE

Steel Values Slump 53 Millions Due to Government Suit.

New York, Oct. 27.—Swept by a storm of selling orders as the result of the government's suit to dissolve the United States steel corporation, more than \$53,000,000 was stricken from the market value of the company's common and preferred stock in two hours of trading on the stock exchange today. Frenzy swayed the brokers on the floor of the exchange and the scene was like that during a panic as the howling brokers stormed the crowd about the steel post in the endeavor to execute the commissions that were flooding them from all parts of the country.

The course of the London market gave warning hours before the exchange opened here of what was in store. Steel common opened in London at 59 and then sold off until it was 7 points below yesterday's close there.

The opening here was at 55, or 3 1/2 under yesterday's final price while the first transaction in the preferred was at 104 1/2, a drop of 5 1/8.

The stock came out by big blocks in a continuous stream and under the impact, prices broke again and again until by noon the common had sold down to 51 3/8, and the preferred, which closed yesterday at 108 3/8, to 103 1/2. Apparent attempts to stem the downward trend by the placing of underlying orders by the financial interests met but with but little success. The tide was stemmed for short periods but the support invariably proved unequal to the pressure and down would go quotations for a new low point.

Sympathetically, all the rest of the market suffered keenly from the general attack on steel and losses ranging from 1 to 2 points are sustained by nearly all the railroads and many of the specialties. The heaviest foreign loss outside of the steel issues, fell upon international harvester, which broke 3 1/2 points.

Heavy covering of shorts was in evidence but this demand was swamped by the selling of the public and the placing of vast volumes of further short contracts by professional traders.

Europe was a heavy seller of the American market also. Arbitrage brokers estimating that 70,000 shares, chiefly in Union Pacific, Amal, copper and steel common were sold by foreign interests on the strength of the general break here.

Shortly after the noon hour steel common broke again selling at 50, a net loss from last night of 8 1/2 points. International harvester also was subjected to further attack and was hammered down until it showed a loss of five points. American smelting proved another vulnerable object of attack.

The filing of the steel trust suit at Trenton yesterday was a big surprise to official Washington. Only four men knew it so closely did the department of justice guard its action.

J. Pierpont Morgan, the world's financial king and organizer of the United States steel corporation, was served today by U. S. Marshal Hendel with a copy of the summons and complaint in the government dissolution suit.

Democrat today at Washington are declaring that the Taft administration has stolen their thunder and even appropriated Mr. Stanley's language for the purpose of the approaching campaign. They find satisfaction, however, in the implied attack on former President Roosevelt's acquiescence in the absorption of the Tennessee Coal & Iron Co.

HORSE DRAGGED HIM THRU THE STORM FRONT

Nevil Clark who drives a grocery wagon for L. B. Bucroft is wondering at the lucky escape he had Friday morning. Clark was driving the delivery wagon up Orange street when without warning the king bolt let loose causing the front of the wagon to let loose from the back. Clark was holding the lines and the horse becoming frightened started to run, pulling Clark from his seat through the storm cover. Clark dropped the lines to free himself. The horse became entangled in the reins and could not run away. Groceries were scattered about the street and after young Clark had picked himself up from the ground he gathered up the groceries and fixing the coupling pin went on his way congratulating himself that he was let off so luckily.

Sore

Bunch Crawled Back to New York Tired of Base-Ball.

New York, Oct. 27.—It was a sorry crew of National league players that drifted back to New York from Quakerstown last night where the Giants were walloped to the tune of 12 to 2, in the deciding game of the series.

Manager McGraw had no excuses to offer for his team. He knew his team was outplayed by the superior Philadelphia machine.

"We did out best but it was not good enough," said he. "They pounded all the pitchers we had. The boys will not take a good, long rest in Cuba where they will try to forget the disaster and prepare for a fresh start in 1912."

"Our supremacy is established beyond question," said Manager Connie Mack of the victors. "It was a great series and each team played its best. We are all going to take a much needed rest, starting today, but later on we will begin to get ready for another victorious season."

A banquet will be given the Giants at the Hotel Imperial in this city tomorrow night. Mayor Gaynor has been invited to attend.

PULLS PAN BOILING WATER FROM STOVE

Little Mary Johnson, Three Years Old, Will Probably Die, The Result of Terrible Accident Friday Morning — Flesh Dropped From Arm in Patches—Family Recently Moved Here.

Mary Johnson, 3 years old, daughter of Mr. and Mrs. John Johnson of 417 North Ninth street, was horribly scalded at 9 o'clock Friday morning when she pulled a pan filled with scalding water from a gas stove, spilling the entire contents on her body. The child is fatally burned it is feared.

The water struck the baby's body near the chest and running down over her body literally cooked the flesh. The flesh on her left arm dropped off in places making terribly painful wounds.

Caught Hose. Mrs. Johnson was working in the kitchen. She had placed the pan of water on a small "hot plate" standing on a table in the kitchen. Little Mary was playing around the room. Just how she tipped the pan of water over is not known as Mrs. Johnson had her back turned at the moment.

It is supposed that the child caught hold of the rubber hose connecting the stove and the gas pipe. The two front legs of the stove were shoved off the edge of the table upsetting the water.

Screams Attract Mother. The baby's screams of pain attracted the attention of the mother. Horrified the mother called assistance and later summoned Drs. Barcroft and McClain. When the physicians arrived the child was suffering excruciating pain. Soothing lotions were applied to the burns and everything possible done to save her life and relieve her suffering. At 3 o'clock Friday afternoon the child's life hung in the balance. The parents hold little hope for the baby's recovery.

Just Moved Here. Mr. and Mrs. Johnson and their family of four children moved to Coshocton two weeks ago from Evansville, Ind. Mr. Johnson is employed at the factory of the Coshocton Glass Co., as a blower.

HUSBAND FINDS HIS WIFE DEAD LOCAL MAN WAS ROBBED

Mrs. Phillip Sells Dies Thursday At Nellie of Heart Trouble.

The dead body of Mrs. Phillip A. Sells, 25 years old, was found lying on the kitchen floor at the home in Nellie Thursday evening by her husband. Death was caused by heart trouble.

The funeral services will be held Saturday morning at 10 o'clock. Burial will be made at the Wallingford cemetery. The services which will be conducted at the Disciple church will be in charge of Rev. J. F. Atkinson, pastor of the Nellie Evangelical church.

Mrs. Sells was at the grocery store in the village two hours before her body was found by her husband. Then she chatted gaily with some neighbors and seemed to be enjoying the best of health and was in unusually good spirits. She returned home and was never seen again alive. The woman had been dead an hour, physicians say, when she was found.

Dr. Moore of Warsaw was summoned by the frenzied husband as soon as he discovered his wife's prostrate form lying on the floor but she was past all earthly aid.

Mrs. Sells formerly lived at Cavallo, being the daughter of Stuart Gummer. She was a brilliant, charming woman and her kindly, girl-like disposition had won for her a host of warm friends during her short lifetime.

She leaves her husband and father, two sisters, Mrs. Bryant Conkle of Danville and Miss Sarah Gummer of Nellie.

Wm. Burns Victim of Hotel Thief in New York Recently

While in New York, taking special eye work during the past month, Wm. Burns the well known eye-sight specialist was a victim of a clever hotel thief.

Between the hours of 5 and 11 pm. the thief gained access to his room, and when Mr. Burns returned at 11 o'clock he found his room door unlocked. Upon entering he looked for his grip and found it was gone. Next morning it was found in an adjoining room, the end having been forced open and contents all laid out on the bed. The thief evidently was looking for valuables in money or jewelry, as he left a fine pair of field glasses, gold Elks button and other valuable articles. Mr. Burns estimates his loss at about \$75 and considers himself lucky in getting off so lightly. He reached home today.

MYERS WITHDRAWS FROM THE TICKET?

As Myers has been endorsed by grange and central labor body, it is not thought likely that he will withdraw.

When the Stomach Stops

Working Properly, Because There is Wind in It. Use Stuart's Dyspepsia Tablets to Set It Going Again.

A Trial Package Free.
The doctors call it flatulency, but unprofessional folks know it as "wind on the stomach," and a most distressing state of things it is. It is a serious condition of this great motor organ. Always annoying and painful in the extreme, at times often leading to bad and fatal results. The stomach embarrassed and hampered with wind cannot take care of its food properly and indigestion follows, and this has a train too appalling to enumerate. The entire system is implicated—made an active or passive factor in this trouble and life becomes a questionable boon.

All this is explained in doctor books; how undigested food causes gases by fermentation and fermentation fluids are destroyed—burnt up—wasteful in which process some essential food by chemical action, followed by defective nutrition and the distribution, through the alimentary tract of chemically wrong elements and as a consequence starved. Plenty of food, you see, but spoilt in preparation and worse than worthless.

A deranged stomach is the epitome of evil; nothing too bad to emanate from it, but the gas it generates is probably its worst primary effect and the only way to do away with this is to remove the cause. Stuart's Dyspepsia Tablets go to the root of this trouble. They attack the gas-making foods and render them harmless. Flatulency or wind on the stomach simply cannot exist where these powerful and wonder-working little tablets are in evidence.

They were made for this very purpose to attack gas-making foods and convert them into proper nutriment. This is their province an office. A whole book could be written about them and then not all told that might be told with profit to sufferers from this painful disease, dyspepsia. It would mention the years of patient and expensive experiment in effort to arrive at this result—of failures innumerable and at last success. It would make mention of the different stomach correctives that enter into this tablet and make it faithfully represent all.

Stuart's Dyspepsia Tablets are not alone intended for the sick, but well folks as well; for the person who craves hearty foods and wants to eat heartily and run no risk of bad effects, they act like a charm and make eating and digestion a delight and pleasure. They keep the stomach active and energetic and able and willing to do extra work without special labor or effort. Don't forget this. Well people are often neglected, but the Stuart's Dyspepsia Tablets have them in mind.

A free trial package will be sent any one who wants to know just what they are, how they look and taste, before beginning treatment with them. After this go to the drug store for them; everywhere, here or at home, they are 50 cents a box and by getting them at home you will save time and postage. Your doctor will prescribe them; they say there are 10,000 doctors using them, but when you know what is the matter with yourself, why go to the expense of a prescription? For free trial package address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

STEEL COMBINE SUED AS TRUST

Government Starts Proceedings in Federal Court.

Trenton, N. J., Oct. 27.—In a suit filed in the United States circuit court here, the government asks for the dissolution of the United States Steel corporation and its subsidiary companies. The petition charges that the steel corporation is an illegal combination in restraint of trade and, therefore, prohibited by the Sherman anti-trust law.

The defendants named in the bill include 37 corporations, 100 individuals sued as trustees, and 17 in their capacity as officers and directors of the steel corporation. Pending final hearing and determination of the case the government asked that a temporary restraining order be issued, enjoining the defendants severally and collectively from continuing the alleged illegal monopoly.

The petition in the case was brought to Trenton from Washington by H. E. Colton of the department of justice. Immediately after it was placed on file Judge William H. Lanning signed an order authorizing the service of subpoenas outside of the district of New Jersey. These subpoenas and copies of the bill of complaint were then placed in the hands of messengers designated by the United States marshal for delivery in the different districts in which the defendants reside or have their corporate existence.

The petition itself consists of 93 printed pages, in which there is set forth in considerable detail the conditions of the iron and steel trade prior and subsequent to the formation of the United States Steel corporation. It is charged that the illegal monopolies complained of have been brought about by a series of combinations and mergers in which the steel interests of the country were brought under one general control. Further than this, it is charged that by a series of interlocking directorates, the great business interests of the country, with the United States Steel corporation as the dominant factor, have been brought under one influence to crush out competitors, maintain prices and control the steel and other business of the United States.

Defendants Named.
The defendants named in the petition are: United States Steel corporation, Carnegie Steel company, Carnegie Company of New Jersey, Federal Steel company, National Steel company, American Steel and Wire Company of New Jersey, National Tube company, Shelby Tube company, American Tinplate company, American Sheet and Tinplate company, American Sheet Steel company, American Steel Hoop company, American Bridge company, Lake Superior Consolidated Iron Mines, Union Steel company, Cleanton Steel company, H. C. Frick Coke company, Tennessee Coal, Iron and Railroad company, Great Western Mining company, West Missabe Land company, Ltd., Wright Land company, Ltd., Davis Land company, Ltd., Wells Land company, Ltd., Stone Land company, Ltd., Wabgon Iron company, Minnison Iron company, Nibwa Iron company, Wenona Iron company, Leonard Iron and Mining company, Argur Iron Mining company, Philmore Iron Mining company, Harrison Iron Mining company, Jackson Iron Mining company, Polk Iron Mining company, Tyler Iron Mining company, Van Buren Iron Mining company, Louis W. Hill, James N. Hill, Walter J. Hill, Edward T. Nichols, J. H. Gruber, J. P. Morgan, Charles Steele, George W. Perkins, E. H. Gary, Charles M. Schwab, Andrew Carnegie, H. C. Frick, James Galey, W. H. Moore, J. H. Moore, E. C. Converse, Percival Roberts, Jr., D. G. Reed, Norman B. Ream, John D. Rockefeller, John D. Rockefeller, Jr., P. A. B. Widener and William P. Palmer.

After the incorporation of the United States Steel corporation on April 1, 1901, the petition shows that it acquired practically all of the capital stock of 29 other large corporations, all of which are named as defendants. The steel corporation had an authorized capitalization of \$1,000,000,000.

Action Came Too Late.
New York, Oct. 27.—The directors of the United States Steel corporation adopted a resolution recommending the cancellation of the Great Northern ore properties lease on Jan. 1, 1915. This is heralded as the first step by the steel trust to get out from under the danger of trust prosecution.

Aurora Shingle Stains

It took us a long time to work out the shingle stain problem.

Aurora Shingle Stains are the answer. They beautify and protect the shingles against every weather whim — the extremes of storm and calm, heat and cold.

They are sold in PASTE form to be thinned by the painter to suit his requirements. One pound of paste makes a gallon of stain. This has many advantages. It enables the dealer to carry a complete assortment of colors; is more economical for the consumer.

For those who prefer the old way, we also sell the stains prepared, ready for use.

Aurora Shingle Stains will save you money — not so much in the price as in the longer life and greater beauty they give to your shingles.

How to be Certain of Curing Constipation

Prejudice is a hard thing to overcome, but where health is at stake and the opinion of thousands of reliable people differs from yours, prejudice then becomes your enemy and you ought to lay it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention.

In the opinion of legions of reliable American people, the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blantly advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative.

Letters recently received from Mr. Henry C. Voshell, 708 Decker Ave., Cleveland, Ohio, and Lydia R. Paulson, Jewett, Ohio, are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, gentle, non-scrubbing, not violent, like salts or cathartics. It cures gradually and pleasantly so that in time nature again does its own work without outside aid. Constipated people owe it to themselves to use this grand bowel specific.

Anyone wishing to make a trial of this remedy before buying it in the regular way at a drugist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Consumptives Helped by Tuberculosis Medicine

It is folly to believe that Consumption differs from every other disease in not requiring the use of any specific medicine for its cure. The trouble has been that some were known until the many cures effected by Eckman's Alternative began to be realized. Now, for ten years, an enormous mass of voluntary and thankful testimonials from persons who consider that they owe their lives to this remedy have been accumulating. Surely plenty of time to demonstrate its lasting value. You can write to any of them. Here is one: "Gentlemen: In the winter of 1903 I had an attack of Grippe, followed by Pneumonia, and later by Consumption. I grew steadily worse. In the winter of 1904 I had cough, night sweats, fever and raised quantities of awful looking stuff and later I had many hemorrhages. At one time, three in three successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until, entirely gone. I am perfectly well. Everything I say here can be verified by my family and friends." (Signed) ALFRED F. LOUGHAN. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opium or habit-forming drugs. Wake up With a "Dark Brown Taste"?

Get Rid of It! Run for OLIVE TABLETS

There isn't the slightest need to wake up any morning with a "brown mouth." Ugh! No need to describe it.

Dr. Edwards has made "brown mouth" a thing of the past in thousands of homes with his little Olive Tablets, the substitute for calomel.

Anyone who takes Dr. Edwards' Olive Tablets the moment he suspects his liver and bowels, never has "a dark brown taste," a bad breath, a pimply face, constipation or any other form of bowel or liver disorder.

Take one just the moment you suspect you are constipated or that your liver's out of order.

Thousands take one at bedtime every night just to keep the bowels regular, the liver in order, the mouth clean and the breath pure and sweet.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent 17 years in practice and in laboratory experiments before he perfected Olive Tablets.

Why don't you try them instead of the severe kind of laxatives that gripe and only effect temporary relief?

"Every Little Olive Tablet has a movement all its own."

At all drug stores in neat pocket packages. At 10c and 25c.

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness

Professor Unna of Hamburg, Germany, and Dr. Sabouraud, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the sebun, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and intine the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots, and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "22" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently help to restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "22" Hair Tonic accomplishes these results by aiding in making every hair root, follicle, and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "22" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1. Remember, you can obtain it in Rochester only at our store—The Rexall Store. Siegrist & Williams.

How to Live Long—and Feel Young

Thousands of men and women who have passed their allotted "three-score-years-and-ten" owe their longevity to Duffy's Pure Malt Whiskey.

And with their advanced years has not come the daddling helplessness of old age; the spirit of youth has stayed with them.

At the Duffy Malt Whiskey Co.'s Laboratories in Rochester, N. Y., there are files of letters from men and women of over seventy—many who have almost reached the century mark.

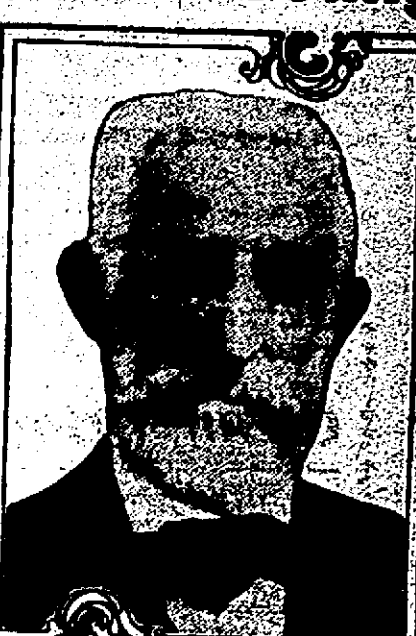

Fifty years ago, and today in the sunset of their lives, they are still using it, still depending on it—for the good it has done and is doing them.

One of more than passing interest is given here: "I have been a constant user of Duffy's Pure Malt Whiskey for many years, and although I am now past 78 years of age and soon will reach my seventy-ninth birthday, I can outwalk most of the young men of to-day. My strength and activity are due to the use of your valuable whiskey."

I am now negotiating with a view of starting a fruit farm in either Washington or Michigan, as I feel like a young man with all the world before me. There is one thing certain, I will always keep Duffy's Pure Malt Whiskey with me, and I can conscientiously recommend it to all old people if they wish to keep young and vigorous."

GRAY HAIRS QUICKLY BANISHED; DANDRUFF, FALLING HAIR STOPPED

Remedy Made from Garden Sage and Sulphur Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming

thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be thick and glossy, without even a hint of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy. It not only removes dandruff, but strengthens weak, thin and falling hair, and promotes its growth. A few applications will restore faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, recommended and sold by Special Agents.

OHIO LEADS IN POTTERY

Ohio is the leading pottery production state in the union, reporting a value in 1910 of \$14,794,712 or 42.31 per cent. of the total production in the United States. New Jersey was second, with wares worth \$8,588,465, or 25.42 per cent. of the total. West Virginia was third, with wares valued at \$2,675,588. The five leading states—Ohio, New Jersey, West Virginia, Pennsylvania and New York—produced 83.60 per cent. of the total.

The manufacture of pottery of various kinds has grown to be an enormous industry in the United States, and it was in a highly prosperous condition in 1910, according to a report by Jefferson Middleton, just published by the United States Geological Survey. The product was valued at \$33,784,678, a gain of \$2,735,237, or 8.81 per cent. over the figures for 1909. This is the greatest value ever reached, exceeding by \$2,513,794 the record figure of 1906. Compared with earlier years the increase is yet more striking. In 1899 the value of the pottery products of the United States was \$17,250,250. The product for 1910 was greater by \$16,534,420, a gain of 96.35 per cent. During the same period the imports increased 40.75 per cent.

The product of most importance is white ware, which includes general household ware, though it is produced in only eight states. This product was valued at \$14,780,980 in 1910, compared with \$13,728,316 in 1909. Ohio was the leading producer, reporting a value of \$9,730,468 for 1910. West Virginia was second and New Jersey third. White ware composed 43.75 per cent. of all pottery products.

WORK COMMENDS HIM

It is noted that the campaign for president of council is being made by Mr. Hanlon, the Democratic aspirant, on the plea that he is a polished gentleman. Granted, but what has that got to do with being a good councilman? A. E. Riley, the Republican candidate for the chairmanship of the city legislative body, makes his campaign on being a real representative of the people, and his record in council as a ward councilman speaks volumes for his efficiency. The council chamber is not a dancing academy or a school on etiquette, but a place where the people's business ought to be transacted to their best interests. Riley has a fashion of being right on all public questions and merits the vote of every voter in town.

William Lynde, Dr. R. M. Temple should be elected councilman.

FOR CHILDREN

Stating that the publishing of the names and offenses of children brought into juvenile court on different charges was an injury to them and often resulted in a damaged reputation, Judge Farr, of Lisbon, recently issued an order to the newspaper men engaged about the court house at Lisbon to leave that part of the news out of future dispatches.

"You can talk about the parents of the child all you want to," said the court, "but kindly refrain from saying anything about the children so that the public will learn their names."
"This court is for the purpose of helping the children; if they are given a chance, many of them will reform. If they are branded as unreliable and vicious by a news article in the paper of their home town, the disgrace can never be lived down. I am sure no newspaper man in this county wants to retard or hinder the work of this court, and I expect that there will be no difficulty in having this order carried into effect."

The attention of the learned judge may well be called to the fact that Judge Ashman adopted that policy when first the juvenile court was established here. Coshocton county has been taking excellent care of her wayward youth and giving them every chance.

Have you looked over the list of ward councilmen on the Republican ticket. In the first ward there is Chris Hottinger; in the second, Cliff Magruder; in the third, Wm. West; and in the fourth, Charles Dover. Voters of each ward know each of these men well. They are every-day citizens, same today as tomorrow, and square, honest men in whom the city's business may be confidently placed. Vote for them.

Evan Evans, auditor and Harold Hershman, treasurer, have both been highly complimented by the state expert who has been here checking up the city management. They have served well on their first terms and will merit a second. Your vote will help keep these efficient officials in office. Do it.

Judge Duncan, as solicitor, will bring a long span of experience both before and on the bench. A learned and disinterested lawyer he will be a credit to the city as its legal representative. Vote for him.

When you have a sore cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Lollar of Saratoga, Ind., "and consider it the best on the market." For sale by all dealers.

THE PENDULUM SWINGS

Chapter two of the wet and dry wrangle in Ohio has begun. The first was three years ago. At that time the great majority of the counties that voted under the Rose law voted decisively against saloons. It was stated at the time, in fact the declaration was confidently made, that the Rose law would end all drunkenness and debauchery and minimize crime; policemen would be used only as ornaments as there would be no work for them to do; taxes would drop till it would be like putting money on the collection plate Sunday; prosperity would reign and there would be peace on earth and good will among all men. This sounded good. The average man whether he lives in town or country is decidedly against drunkenness and the saloon as it has been run in this country. The vote three years ago showed that. It was a vote for temperance. And the vote yesterday is just as much a vote for temperance. Scioto and Lawrence counties have decided the open saloon, restricted and properly managed, is preferable to the bootlegger, the speak-easy and disregard of law. The result of the election is doubly interesting because of the fact that Billy Sunday, that blasphemer of God and man, who affixes "Rev." before his name, threw all his force into the fight. A year ago he "converted" upward of 4000 people in Scioto county; he went back to speak in this campaign; Wayne B. Wheeler, the business manager of the Anti-Saloon league and one of the smoothest politicians in the country, gave his time and effort there; so did Percy A. Baker, national head of the Anti-Saloon League; so did Judge A. Z. Blair, whose home is there; Windy Bill Miller, who has grown rich since the wet and dry agitation began and who is an adjunct of the Anti-Saloon League, went to Portsmouth and bought a paper and threw it into the fight. It was a crucial contest. Perhaps the people were tired of the men who placed themselves at the head of the movement; perhaps they didn't have any more faith in them and their sincerity than Coshocton county has in hers; perhaps the towns were dead under the plan and business stagnant; these things we only know by hearsay. But there was a tremendous upheaval of popular sentiment. Those people were not bought. They voted their sentiments without bias. And they voted for real temperance, under honest conviction and steadfast purpose, without a doubt. In Scioto and Lawrence counties, at least, Wheeler, Sunday, Blair, et al., have been weighed in the balance and found wanting. The people have spoken.

And now what? The wet fight was led by the best citizenship of the two counties. They must make good and merit the confidence that has been reposed in them. Saloons must be regulated under strict laws and the first man overstepping the line must be summarily dealt with. The opportunity is at hand. It must be met with clear judgment and honest effort.

A LEGACY OF ILL HEALTH

Don't Let the Debility Which Follows an Attack of the Grip Make an Invalid of You.

After an acute attack of the grip the patient is frequently left in a condition that may mean a lifetime of misery if proper precautions are not taken to restore the blood and drive out the lingering poisons that cause the so-called "after-effects" of the disease. The grip leaves behind it a weakened vital powers, thin blood, impaired digestion and over-sensitive nerves—a condition that makes the system an easy prey to pneumonia, bronchitis, rheumatism, nervous prostration, and even consumption. For such a condition cannot be laid on the importance of strengthening the blood and nerves during convalescence.

"I came down with the grip," says Mrs. R. M. Williams, of Ely, Mich., "and, taking cold when I got up, was sick for two months. I was confined to bed for over three weeks and was practically helpless, having to be turned over in bed. I had no appetite, lost in flesh and had no color. The doctor said I would not be able to get around for a year at least but after being under his care for several weeks and getting no better I began using Dr. Williams' Pink Pills for Pale People. I had taken them before as a tonic with benefit. They helped me during the first week and I took them regularly until cured. I am certain Dr. Williams' Pink Pills for Pale People saved me from being a helpless invalid for life."

Dr. Williams' Pink Pills for Pale People are a certain blood-builder and are especially adapted for the treatment of diseases arising from a lack of blood. Their work is to make such blood better and tonic for the nervous system. That they do this well is shown by the gradual disappearance of the symptoms and the return of color and strength. They lay the foundation for permanent health in the future.

These pills have cured anemia, rheumatism, indigestion, neuritis, sciatica, general debility and nervousness, and are recommended wherever a blood-builder or tonic for the nervous system is needed.

A valuable booklet, "Disorders of the Blood," will be sent free upon request to any one interested.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

"VALEDICTION"

(Albert Moore)
Departing is painful still onward we go,
Leaving dear ones at home and none of us know,
That while during our absence some one whom we love
May be called to depart to that grand home above.

To the dear friends whom I will soon leave
Words cannot convey how my heart does grieve,
To be absent from your countenance sublime,
But to consolation is for just a short time.

Many profitable hours we spent together,
In memory your virtues will cling forever,
I have studied your every admirable trait,
By far too numerous to here relate.

While on my journey where ere I roam,
Often I'll think of the dear ones at home,
And when I'm returning I'll long to be near
With all my dear friends with heartiest cheer.

We know that reunion brings untold bliss,
Then why such repining of those whom we miss,
For the pleasure of meeting abundantly pays
The pangs of our hearts we burdened those days.

SCHOOL PUPILS FIGHT THE FIRE

The roof of the school building at Tiverton took fire Thursday afternoon and the school pupils turned firemen. They formed a bucket brigade and extinguished the flames before any serious damage was done.

YOUR COMPLEXION is muddy. You look haggard and yellow. Your eyes are losing their lustre. The trouble is with your liver. Take Chamberlain's Stomach and Liver Tablets. They will correct that. Then avoid meats, hot bread and hot cakes, take frequent baths and a long walk every day, and you will soon be as well and as beautiful as ever. Price 25 cents per bottle.

Gee whiz, what a change of sentiment!

Connie Mack is the baseball wiz.

And Muggsy got hit.

Which made him dizzy.

Sure; we were all betting on the Athletics anyhow.

Cheer up; maybe Cincinnati will fight for the flag next year.

Any maybe not.

These are great fall days.

Sniff in the atmosphere and be glad you live in Ohio.

And in Coshocton.

Let's make this the best town on the map.

The parade of the Pathfinders on Thursday evening attracted much attention the members of the order being mounted on bicycles. They moved through the business part of the city with the precision of Indians following the trail, and looked very well.

There was trouble in the Warsaw bank Thursday when it was discovered that the safe could not be opened. The combination was out of order, and they could not reach the money. A considerable sum was borrowed from the Coshocton bank and the Warsaw safe was opened later by an expert.

The southeastern part of Coshocton county, the country over the line from Birds Run, is suffering from an epidemic of mad dogs. No persons have yet been bitten and the trouble seems to be among the canine family themselves. As a result there are less dogs in that section of the county.

Lieut. Burt will leave tonight for New York and expects to reach Havana by Friday. He is in command of the regiment of coast artillery and will spend most of his time in Cuba.

Although the opening of the game season is only two weeks away it is stated that quail are being killed in this part of the county. This is entirely adverse to the law. The reason given for this is due to the fact that quail are more plentiful this year than usual.

SNOW WILL FLY TODAY, HE SAYS

Dear old Winter is near at hand—near in several ways.
The hoob who sits in the weather-kiosk at Washington has opined that there will probably be snow in Ohio today, and probably also, rain. Rain is due in Ohio Friday night with a lowering of the temperature in the southern portion.
It will be generally fair Saturday, according to the fore-caster.

SHE GOT WHAT SHE WANTED

This Woman Had to Insist Strongly, but it Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it. He said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so glad I did, for it has cured me."

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."—Mrs. JASNETZKI, 2903 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.
Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

Uneeda Biscuit never disappoint!

You have never heard anyone say—"The Uneeda Biscuit in that last package were not as good as usual."

You have never said it yourself.

It is one thing to make soda crackers that are occasionally good.

It is quite another thing to make them so that they are not only always better than all other soda crackers, but *always of unvarying goodness.*

The name "Uneeda"—stamped on every one of them—means that if a million packages of Uneeda Biscuit were placed before you, you could choose any one of them, confident that every soda cracker in that package would be as good as the best Uneeda Biscuit ever baked.

EUCCHARIST IS A REALITY

Rev. Fr. Zilles Devotes Himself to Explanation of Trans-Substantiation

The non-Catholic missions that are being conducted at the Church of the Sacred Heart this week together with a course of free lectures delivered by Rev. Fr. Zilles are being well attended and from the first have been highly successful. Thursday evening the church was well filled with many interested listeners. The address given by Fr. Zilles was one of the best of the week.

Rev. Hubert Zilles lectured last night on "The Real Presence," his discourse being as follows:

"I am the bread of life. If any man eat of this bread, he shall live forever, and the bread that I will give is my flesh for the life of the world."—St. John, chap. 5.

"It is one of the essential doctrines of Catholic teaching," said the preacher, "that our Lord has left us in the Blessed Sacrament of the altar His real Body and Blood to be the food and nourishment of our souls, and that whoever receives communion in the Catholic church receives not bread, but the Body and Blood, and in consequence the Soul and Divinity also of Jesus Christ Himself. The church has no doctrine more consoling, none to which the Catholic clings with greater love and reality; yet no one of its dogmas, strange to relate, is so little known to those without the fold, so little understood and therefore unappreciated by our separated brethren.

"Yet, our Lord's entire public life led up by gradual steps to this one great mystery—this last sublime demonstration of that love whose delights are to be with the children of men.

"There were two classes of men with whom our Saviour had to deal: the hard-hearted Jews and the Apostles, loving but weak of faith. He must prepare the way, therefore, for this new and startling precept. So, when won by the eloquence of His teaching and the number of His miracles, the multitude followed Him up to the very mountain height, whither He had repaired for sweet converse with the twelve; He performed for their benefit that great miracle when a few loaves and fishes served five thousand people so bountifully that when all were satisfied twelve baskets of fragments were gathered from what remained.

"This incident was but a prelude to that glorious promise which our Lord made immediately after. 'I am the bread of life,' He said, 'Your fathers did eat manna in the desert and are dead. This is the bread which cometh down from heaven that if any man eat of it he may not die. If any man eat of this bread he shall live forever, and the bread that I will give is my flesh for the life of the world.'

It is easy to paint that picture—the noble, gracious figure of our Lord facing that uncompromising group of Jews, lined like shadows against Capernaum's temple walls. We can fancy the tinkle of incredulity, of derision, that went round among them. 'How can this man give us his flesh to eat?' Then they divided into little companies—unbelievers—asking as ever since the unbelieving have asked, 'How, how?' The questioning of divinity—the limitation of the Almighty's power.

"Thus on that day when our Lord first promulgated His new doctrine there went up the lament of unbelief: 'This is a hard saying. Who can hear it?' And they went their way, to walk not more with our Lord.

"Did He call them back? Did He cry out to them that they had misunderstood a mere figure of speech for literal truth? No. Sadly He let them go; albeit, with them He beheld deep-seated ages of the unbelieving; then turning to the chosen twelve He asked them: 'Will you also go away?'

"Then Peter, the spokesman of the twelve; Peter, the impetuous, the loving, with that humility and that confidence which every son of the church has inherited as his treasured birthright, answered, saying: 'Lord, to whom shall we go? Thou hast the words of eternal life, and we have believed and have known that Thou art the Christ, the Son of God.'

The Last Supper.

"At the Last Supper, my friends, came the fulfillment of this promise. Taking bread He blessed it, saying 'This is My Body; take ye and eat.' Taking the wine, He blessed it, saying 'This is my blood which shall be shed for many to the remission of sin. Do this for a commemoration of me.' In this hour we behold the institution of the Holy Eucharist and the establishment of that sacred priesthood which through each succeeding age has employed its Christ-given power of changing bread and wine into the Body and Blood of Christ, according to His express command.

"After the death of our Lord the Apostles gathered together and they broke bread, celebrating Mass, using in the consecration the selfsame words of our Saviour. 'This is My Body; this is my blood.' That sacrifice has continued down the ages in unbroken succession, tracing its origin and its reason back to that first Mass celebrated at the Last Supper.

"Oh, wonderful mystery! Oh, stupendous mystery to the mind which for the first time learns of this belief! et to the Catholic there is nothing remarkable about it. There is

no more difficulty in believing our Lord gave to the Apostles and to the Catholic priesthood as their successors the power of changing bread and wine into His Body and Blood than to believe that our Lord came down to Bethlehem in the form of a babe that first Christmas morning; no more difficulty than in believing that the Man hanging on the Cross for three hours for our redemption was the God of Heaven and earth. The Centurion seeing him believed, and exclaimed: 'Verily this is the Son of God,' and we Catholics, holding fast to His promise, can cry out with unwavering faith in the substance of the Eucharist: 'Verily this is the Son of God!'

"So essential is this doctrine in the Catholic church that after all it is the touchstone by which we know the true church. This is why heresy has reserved for the mass its most violent attacks, why heresy has reared churches without an altar, for an altar denotes a sacrifice, and heresy would have no sacrifice. On the other hand, we find priests ready to face martyrdom in defense of this doctrine; weak women ready to sacrifice their strength and to give their lives in the cause of humanity because they are nourished with the manna of the New Law, the Body and Blood of Jesus Christ Himself. 'Tis this that makes a Catholic church so widely different from any other; the atmosphere of reverence pervades it, because in the tabernacle of the altar there dwells the Real Presence of Christ Himself. This it is which fills our churches to overflowing, which causes the streets to resound with the footsteps of our Catholics going to the great sacrifice which from the rising of the sun to the going down thereof is offered to His name.

"Nells Stensen, the famous Danish anatomist, was one day viewing a grand procession of the Blessed Sacrament, which on Corpus Christi was taking place in Livorno. This thought flashed across his mind: 'Either these hundreds of Catholics and likewise millions of others of that faith are making the mistake of worshipping bread, or this wonderful doctrine is true.' That thought was the beginning of a systematic research into the practices of the Catholic religion which resulted in his conversion to that faith, he in time rising to the dignity of a Bishop.

"Oh, you who have not the belief in the Holy Eucharist, our sympathy goes out to you! To think that day after day, year after year, Christ Himself dwells in our tabernacles waiting for you to come to him, longing for that hour when the veil withdrawn from your eyes, you will see Him with the eyes of faith, and oh, to think that in so many cases all His waiting is in vain! Oh, if you knew the comfort, the delight of one Holy Communion, of one visit to the Blessed Sacrament, you would never doubt that it is the strength of this heavenly good which makes it possible for the nun to dwell in her cloister, gladly surrendering every earthly joy; that sends the priest unflinchingly into the ghastly ranks of fever and leprosy; that keeps our women and our men true to their marriage vows, true to self in all the varying temptations of the daily life and makes them a mark for the world's unwilling admiration. God grant that your hearts may not long be hardened, as were those of the Jews, to this grand, this sublime gift of love; that your ears may be opened before too late to that sublime invitation, tenderly sounding from the tabernacle: 'Come to Me, all ye who are burdened and heavily laden and I will refresh you.'

The subject tonight will be on "Purgatory."

Czar's Life Not Attempted. St. Petersburg, Oct. 27.—An official statement issued says that the rumors in regard to an attempt on the lives of the czar and czarina are without foundation. She had fallen down a flight of stairs and broken her neck.

IN TERRIBLE SHAPE. Rheumatism routed with just one bottle of marvelous RHEUMA.

The best thing about this letter is—that it is true—every word of it: "I have taken only one bottle of RHEUMA and the result is wonderful. I was in terrible shape from Rheumatism, but that is all past."—Bert Hickey, 25 Grove St., Union City, Pa.

Read it again, you Rheumatics, full of Uric Acid poison, who are going around saying Rheumatism can't be cured. Then read this one: "I want to get a bottle of RHEUMA for my mother. My mother-in-law used it. Two bottles cured her of Rheumatism completely."—Wm. H. Phillips, Box 45, Hedgesville, W. Va.

Druggist Knew More Than Doctor.

A short time ago I had what is termed inflammation of the neck of the bladder. At times I thought I would surely go wild. I tried the doctor but he did not seem to hit the case. I did not get any relief from the doctor's treatment. Was advised to try Dr. Kilmer's Swamp-Root by a druggist. I took his advice and began taking Swamp-Root and after using it for a short time began to get better and continued using it until my trouble was gone and Swamp-Root cured me.

I gladly advise any person that is troubled as I was to try Swamp-Root for it is a good medicine. You can use this if you wish in any way that it will benefit others. My trade is that of a painter. My age is 43.

Very truly yours,
J. H. JOHNSTON.

Personally appeared before me, this 28th day of July, 1909, J. H. Johnston, who subscribed the above statement and made oath that same is true in substance and in fact.

Miss Helen Brown, Miss Carrie McCubough and Mrs. Chas. Williams of Coshocton acted as judges and the contestants were Misses Mabel Shaw, Jessa, Jessie Moxery, Helen Beck, Frankie Bantam, Choris Speck, and Doris Gaskill. Charles Williams presented the medal.

VETERANS HAVE ENJOYABLE DAY

Local Melbers of 97th O. V.
I. Return From Zanesville Thursday Night

The Coshocton members of the 97th O. V. I. returned home Thursday evening from Zanesville where they attended the annual reunion. The Zanesville Courier says of the affair: About seventy of the two hundred and eighty survivors of the 97th Regt. O. V. I. were in attendance upon their annual reunion held in G. A. R. hall, this city, Thursday. Business sessions were held both morning and afternoon and at noon a most excellent dinner was served by the members of the local W. R. C. In addition to the transaction of the necessary business there were many pleasing and enjoyable features enjoyed such as the reviving of friendship and comradeship and the relating of incidents which occurred during the time the members of the regiment fought so bravely in defense of the country and the flag.

Re-elected Officers.
At the morning session the annual election for officers of the regimental association was held and resulted in the reelection of the present officers as follows:

President, Capt. John S. Adair, McConelville.
Vice president, Capt. Charles H. Jones, Zanesville.
Secretary, H. A. Leslie, Zanesville.
Treasurer, Capt. Jas. T. Gorsuch, Zanesville.

The veterans in attendance were privileged to welcome to the reunion the widow, sons and daughters of the late William H. McFarland, of Cambridge, Chaplain of the regiment who served in Co. C and who died in that city on Wednesday of this week.

Among those in attendance is Capt. W. E. Rosemond of Independence, Ia., who had journeyed from his home to Zanesville to again greet his comrades of half a century ago. Capt. Rosemond was captain of Co. A, and resided in Washington, Guernsey co., until 1878 when he moved west.

Brief History.
The 97th was one of the regiments from Ohio which placed this state in the fore rank during the war of the rebellion and that the members of the organization saw fight and service is proved by a glance at a brief history which is as follows:

The Ninety-Seventh Regiment, Ohio Volunteer Infantry, was recruited from the counties of Guernsey, Morgan, Coshocton and Muskingum. Companies A and B from Guernsey, C and D from Morgan, E, F, G and K from Muskingum, and H and I from Coshocton, and was organized at Zanesville, and mustered into the service September 2nd, 1862, by Charles C. Goddard, Captain 17th Infantry, U. S. A., and was mustered out at Nashville, Tenn., June 10th, 1865, by John W. Chickering, Captain 88th Regiment Illinois Volunteer Infantry, and was paid off and discharged at Fort Barracks, Columbus, Ohio, June 15th, 1865.

Indianapolis Police get Clew To Latest Murder Mystery

Indianapolis, Ind., Oct. 27.—That a man holding a handkerchief to his face as if to hide his features was seen to emerge from an alley in the rear of the apartment house in which Dr. Helen Knabe lived alone, at 2 o'clock last Tuesday morning, about the hour at which the physician met her death by a knife blow, is the latest lead that had developed in the police investigation.

This information was supplied by J. C. Carr, a bartender, who said that as he was going home and turned into the street at the side of Dr. Knabe's apartment he heard two faint screams, and as he approached the alley at the rear of the building a man with a handkerchief at his face came out, passed him and hurriedly disappeared around a street corner.

The Theatre

For Her Sake
"For Her Sake," the Russian melodrama which is one of the feature bills of "The Earle Stock," is likewise the feature of all plays dealing with social Russian life and the penal system of Siberia.

Founded largely upon fact, the story having been adapted from the experience of Madam Laubukin, there is an air of truth about the play that is convincing to the most blasé theatergoer.

Love is, of course, the greatest theme of the plot and is the dominant note of the drama.

A Russian noblewoman, repentant of her cruelty, adopts the daughter of a Russian serf whom she had ordered executed to death. She frees the girl and educates her, to discover that the beauty and learning of her protégée has won the love of her son.

The eternal question of caste arises to separate the two, but the boy, a non-respecter of customs and persons, defies his autocratic mother and attempts to marry the girl in spite of her.

The latter to more effectively save him from the match first tries to sell the girl to shame and falling in that, succeeds in sending her an exile to Siberia. Indignant, the son commits a military crime that will insure his condemnation to Siberian mines and succeeds in following her into the inferno of crime and torture that passes for a penal system and succeeds at last in attaining peace and

CHARLES JUSTICE IS ELECTROCUTED

Murderer Pleads Innocence With Last Breath

Columbus, O., Oct. 27.—Shortly after midnight this morning, Charles Justice, 43, murderer of a Greene county farmer, and believed to have killed two other men years ago, paid the death penalty in the electric chair at the Ohio penitentiary.

The condemned man's last words before the current was turned on were: "I am innocent of the crime that I am being killed for."

He was in a passive mood all day and refused to talk to anyone, although he did not appear to be worried about his approaching death. Two friends who called at the annex to see him were turned away by his request. He gave orders that he would see no one. His last meal was a chicken dinner and he seemed to enjoy it, though he made no comments.

The only persons present when the electric current was sent through his body were the warden, chaplain, physician and guards, and the sheriff of Greene county.

Justice was sentenced to be electrocuted on March 21, after he had been convicted of murdering John Shoop, a farmer, near Xenia, in April, 1910, who caught him stealing his chickens. He was reprieved four times by Governor Harmon because of developments following his conviction.

tion and to permit us ease to go through the courts and the pardon board, and up until the last moment he believed he again would get a stay.

A few days ago he attempted to escape from the death chamber by cutting through the walls. He was discovered before he had gained much headway.

It is said that Justice's criminal record covers 37 terms in various prisons in the United States and Canada. He has served three terms in the Ohio penitentiary for burglary, larceny and cutting to wound.

J. W. Copeland, of Dayton, O., purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.
